

ANTHONY E. BRISSETT, MD, FACS

Facial Plastic Surgery

We are pleased to recognize Dr. Anthony E. Brissett, for the eighth consecutive year as one of *H Texas* magazine's Top Docs. Recognized as an international expert in facial plastic and cosmetic surgery of the face, certified by the American Board of Facial Plastic and Reconstructive Surgery, a Fellow of the American College of Surgeons and a Diplomat of the American Academy of Otolaryngology, Dr. Brissett is the Division Chief of Houston Methodist Hospital Facial Plastic Surgery Associates.

With specialized training at the world-renowned Mayo Clinic, and credentialed in facial plastic and reconstructive surgery, Dr. Brissett is committed to providing personalized, meticulous care to his patients, offering the most advanced surgical and non-surgical treatments, with skillful attention to detail and aesthetic care. "I balance art with science, while maintaining a collaborative working relationship with each of my patients, in order to achieve an enhanced natural appearance."

Dr. Brissett is frequently invited to lecture both nationally and internationally. He remains committed to conducting clinical research to advance the science of his practice and to the ongoing training of surgeons. He has published numerous articles and scientific papers and makes frequent national and local media appearances.

Along with his thriving clinical practice, Dr. Brissett is active in his church and volunteers his personal time, expertise and surgical skills to aiding many local and global charitable causes and medical missions. He often travels to Europe, Africa, South America and the Caribbean to meet the needs of those less fortunate, teach other doctors and provide compassionate care.
